No. MRMU/Covid-19/Staff Welfare

Date:- 24.04.2021

To

The Pr. Chief Electrical Engineer,
Metro Railway, Kolkata.

Dear Sir,

Sub:- Cut staff attendance during pandemic situation.

Ref:- Ministry of Personnel, Public grievance and Pension-DOP&T's
O.O. dtd 19.04.2021.

To minimise the spread of Covid-19 certain guide lines have been circulated by both MHA & MHQW which have been –corroborated in the letter under reference applicable to all Ministries of the government of India ,government of West Bengal also based on the guide lines of Central government issued advisory on staff attendance .With application of mind about the gravity of the situation all most all major department have issued order restricting the crowd at office to contain the virus. But to our utter dismay, the Electrical department seems still not serious and are maintaining safe distance from the necessity. In the Car sheds, Substations and offices the no. of covid positive staff and families are increasing every day . This is the 2nd and gruesome aggression of Corona virus challenging the existence of human being. The employees under your control, wherever posted , are facing insecurity due to overcrowding working sites .Considering the less no. of commuters the administration has rightly decreased both span and no. of trains services which is appreciable.

As the no. of infected persons are increasing almost in geometric progression as a part of community infection, the health infrastructure both Rail and state are facing its worst existential crisis. It is only by our collective effort and adopting appropriate covid behaviour we can overcome the crises.

In the above scenario, you are requested to issue order for staggered attendance in every Electrical installation. This spell of Covid is likely to continue. So, we must save the human asset from the infection.

An immediate action will be highly appreciated.

Thanking you,

Yours faithfully,

(Sisir Ch. Mazumder)
General Secretary/ MRMU
